SUMMARY

Seeking a challenging entry-level role in software development or a related field, leveraging my B.Tech CSE degree to contribute to innovative projects. Eager to apply my strong foundation in data structures, algorithms, and programming principles to solve complex problems. Passionate about continuous learning and adapting to new technologies within a dynamic team environment. Aiming to contribute to a company's growth through my analytical and problem-solving abilities.

OBJECTIVE

Seeking a challenging and creative role leveraging strong analytical, problem-solving, and communication skills gained outside of traditional Computer Science domains. Eager to apply adaptability and a proven ability to learn quickly in a dynamic environment. Passionate about contributing to innovative solutions through a diverse skillset. Open to exploring opportunities in research, project management, or consulting.
